

Dance in the Park

Dance contact improvisation with us in University Parks, Oxford every Wednesday. We're meeting 7.30pm at Keble Gate, University Parks (at the intersection of Keble Road & Parks Road), to find a spot in the park. Contact improvisation originated in the 1970's and it has now spread throughout the world. It's often taught in university dance courses but it's easy to learn and fun. It's an improvised dance - a dialogue in movement - which has a fluid and dynamic form, and it's social dancing; not stage dancing. Suitable for everyone, whatever your age, gender or dancing experience. Note: amplified music is not allowed in the park but acoustic instruments welcome. To join our mailing list & our Facebook group, please visit our website.
